## Easy Operation

The FAX1140L is designed to make your fax traffic straightforward and trouble free. The simplified operation panel makes sure that sending a fax is uncomplicated and fast. Replacing toner is just as easy: simply open the front of the machine, pull out the all-in-one cartridge

### Fits anywhere

Uniting all the strengths of a professional plain paper fax device into a compact design: that's the FAX1140L motto. With their small footprint and convenient full front operation, they can easily fit onto your desk or anywhere in the office without intruding on your workplace.

### Convenient Laser Copying

Need a quick copy? The FAX1140L is equipped to efficiently produce copies at the touch of a button. You can also reduce and enlarge your original documents from 25% up to 400% and sort your copies as you please.

### Efficient business Communications

- easy faxing of lengthy documents: feed up to 50 pages via the Automatic Document Feeder
- benefit from 20-one touch quick-dial buttons, 32 group dials and 250 speed dial locations for regularly used numbers

### Continuous availability

With their 250-sheet paper capacity, this fax machine is available at all times without requiring frequent refills. Missing any important fax messages is a thing of the past. Even if your FAX1140L should run out of paper or toner, it can store up to 125 pages<sup>1</sup> of incoming fax messages into their memory.
